

D3.4

Joint email newsletter SkillONews on behalf of the 3 NCPs (EG, EUP and EQF) whose subscription will be directly available from SkillON website. Content: news on EG, EUP and EQF activities at EU/national level, upcoming events, recommended readings, external contributors' articles on good practices/relevant initiatives at national/local level. Target: guidance practitioners, VET providers, school and universities staff, PES guidance counsellors, EURES advisors, end-users. Dissemination: approximately 1500 subscribers on a bi-monthly basis. Promotion: SkillON and ANPAL social channels and websites (See WP2).

Digital. Italian language

In line with the foreseen dissemination policy (PU), the EG Team published in agreement with the National Coordination (WP2) the joint newsletter, named "SkillONews" on behalf and in cooperation with the other Italian NCPs. News and updates were released on a quarterly bases and were organized in free sections, each of them dedicated to an EU tool or to the related NCPs. There is also a brief short focus section on NCPs' shared activities. This way our readers are up to date with the most relevant developments on skills and mobility opportunities/activities both at national and transnational level. SkillONews can be downloaded from the [SkillON website](https://skillon.anpal.gov.it/it/newsletter), see links below, and it is sent by e-mail to about 500 recipients. With reference to the year 2021, it should be noted that, in agreement with the grant coordinator - responsible for Task WP2, and in view of the extremely delayed start-up of the project activities, it was decided to issue a single quarterly issue (Sept/Nov 2021), in order to still guarantee the information coverage.
